

SCHOOL NAME : _____

Hurray! Summers again and it's time for a break! Let us break the monotony of doing the same boring home assignments and explore the interesting ongoing themes through creative tasks. There are two assignments each based on the theme '**COLOURS**'. Do both the assignments.

Always throw the waste in dustbins.

Wishing you all 'A HAPPY AND HEALTHY' summer break!

Colours

Colours are everywhere! Look around yourself. Do you see different colours? It is these vibrant colours that bring happiness, peace and cheerfulness to one's surroundings.

My Colourful Pizza

Let's make a coloured pizza and learn more about colours. Take a circular-shaped cardboard and divide it into eight sections. Cut-out each section of the cardboard with the help of your parents or elder siblings. Wrap each section with a different coloured craft paper such as red, blue, yellow, brown, etc. Paste 4–5 items of the respective colour on each section. For example, on a blue coloured section, you can paste a blue coloured button, blue bindi, blue roll of thread, blue balloon, blue crayon, blue glass marble, etc. You may refer the given image for the same. Now, paste each coloured slice together on a thick craft sheet and bring it to the class.

My Colourful Flower Garden

Prepare a colourful garden on an A3 sized sheet. Paste 5–6 different coloured straws at some distance from each other. Next, use some cotton pieces, dip them in water colours and dab them around each straw to make a flower. Ensure that each flower is of the same colour as its straw. Decorate the base of the sheet using green-coloured glitter, dry leaves and some grass. Refer the image given for the same.
